PROFILE SUMMARY

Computer Science undergraduate at SLIIT City University with a strong focus on UI/UX design and frontend development. Experienced in designing intuitive user interfaces using Figma and developing responsive web applications with React and Tailwind CSS. Passionate about creating clean, efficient, and user-centered digital experiences. Additionally, I have a growing interest in software quality assurance, with hands-on exposure to testing concepts and practices.

EDUCATION

BSc (Hons) Degree in Computer Science

2026 - Present

- SLIIT City University

Higher Diploma in Information Technology

June 2022 - 2025

- SLIIT City University

(GCE) Advanced Level (MATHS/PHYSICS/CHEMISTRY)

2016 - 2019

- K/Gurulugomi maha vidyalaya

PROJECTS

TravLanaka | Travel Package Booking Website

- Currently developing a travel package booking platform where customers can view available packages, select the preferred package, and proceed with online payment. After payment, the customer will travel to Sri Lanka and start the selected tour package.

Technologies: Figma, React.js, Tailwind CSS, MongoDB

Handicraft | E-commerce Full-Stack Website

- Developed a responsive e-commerce platform for traditional handcrafted and modern artisanal products, integrating user registration, product management, and cart functionality. Implemented full-stack features with database connectivity to deliver a dynamic and user-friendly shopping experience.

Technologies: JavaScript, HTML, CSS, PHP, MySQL

Red | Android Restaurant App

- Red Restaurant App is a sophisticated Android based food delivery application designed specifically for a restaurant's online ordering system. The app allows users to browse the restaurant's menu, customize orders, and schedule deliveries, providing a seamless experience from browsing to checkout.

Technologies: Java, Android Studio

Rajapakshe Pharmacy | MERN Stack Web Application

- Collaborated in a team to develop a full-stack web application using. Designed and prototyped the complete user interface using Figma and implemented the frontend accordingly. Additionally, developed the order tracking system to manage and monitor user orders efficiently. Contributed to creating a responsive and user-friendly experience aligned with modern UI/UX principles.

Technologies: Figma, React.js, Node.js, Express.js, MongoDB

CERTIFICATION

- **The project management course :** Udemy 2025
- **Web development Course :** University of Moratuwa 2025
- **Software Quality Assurance Course :** University of Moratuwa 2026 Jan

INTERESTS

- UI/UX Design
- Web Application Development
- Project Management

PROFESSIONAL SKILL

Technical Skills

- **Programming :** JavaScript, Java, C, C++
- **Web Development :** HTML, CSS, React.js, Tailwind CSS, Bootstrap
- **Database Management :** SQL, MongoDB
- **Tools & Technologies:** Git, VS Code, Figma, Postman, Android studio
- **Additional Knowledge:** VLAN Configuration, Wireless Security Protocols, Wireshark, Cisco Packet Tracer, Power BI, RStudio, phpMyAdmin

Soft Skills

- Teamwork
- Problem Solving
- Leadership
- Creativity
- Teaching
- Communication
- Time management
